**THE WORKS  
WORKS**

**SHARK OIL**

*Gives 'Extra Bite'  
To Your Sanding Disc  
& Sanding Belts*

**Anti-Clog & Cutting Oil  
For Aluminium & Non-Ferrous**

A 2006 brand new formulation,  
designed purely to alleviate the  
problems caused by abraded  
dust which clogs up the  
abrasive grains on sanding  
discs and sanding belts.

**FASTER SANDING  
LONGER LIFE DISCS  
BELTS LAST LONGER**

A new formulation in a new type of  
aerosol, powered by compressed air  
and with the hugely practical advantage  
that you can spray it at nearly any angle.

Directions for use

Spray a light film directly onto the area to be  
worked and/or the disc or belt according to  
preference. Re-apply as necessary. Any  
residue is easily removed with The Works  
Fast-Vap Cleaner or The Works Clean-All
